Networking | Linux Administration | Scripting | Active Directory | Routing and Switching
Windows Server | Disaster Recovery | Principles of Communication

CERTIFICATIONS (In Progress)

- CompTIA Security+ (In Progress)
- EC-Council CEH v13 (In Progress)

PROJECT EXPERIENCE HIGHLIGHT

Network Security Lab Projects – ECPI University, Raleigh, NC January 2024 – Present

- Simulated attacks and tested firewall configurations to evaluate system resilience.
- Configured and secured a virtual network using Cisco Packet Tracer.
- Implemented basic intrusion detection techniques using Snort and open-source tools.
- Practiced user access control management using Active Directory.

FURTHER WORK EXPERIENCE

Multi-Unit General Manager

Kenly 95 Truckstop – Kenly, NC July 2018 – Present

- Directed operations for 5–8 restaurant units, ensuring food safety, guest satisfaction, and compliance with brand standards.
- Analyzed performance metrics to identify operational gaps and implemented strategies that improved sales and reduced costs.
- Hired, trained, and coached management teams, enhancing team productivity and retention.
- Led cross-functional training initiatives and ensured execution of new products and processes.

General Manager

Lone Star Steakhouse & Saloon – Clayton, NC May 2015 – January 2018

- Supervised 30+ employees while ensuring compliance with company policies and operational standards.
- Oversaw inventory, vendor management, cash handling, and financial reporting.
- Implemented staff training programs, increasing operational efficiency and customer service ratings.
